

FALL WINTER 2020//2021 CONCEPT

M

manifesto

In a world where everything changes so fast and inputs come and go so quick
what can we do or create anymore?
Is there something we can add to this overload world?

What do we have? something we can't change...Past
What helps us to see beyond? different perspectives...Art

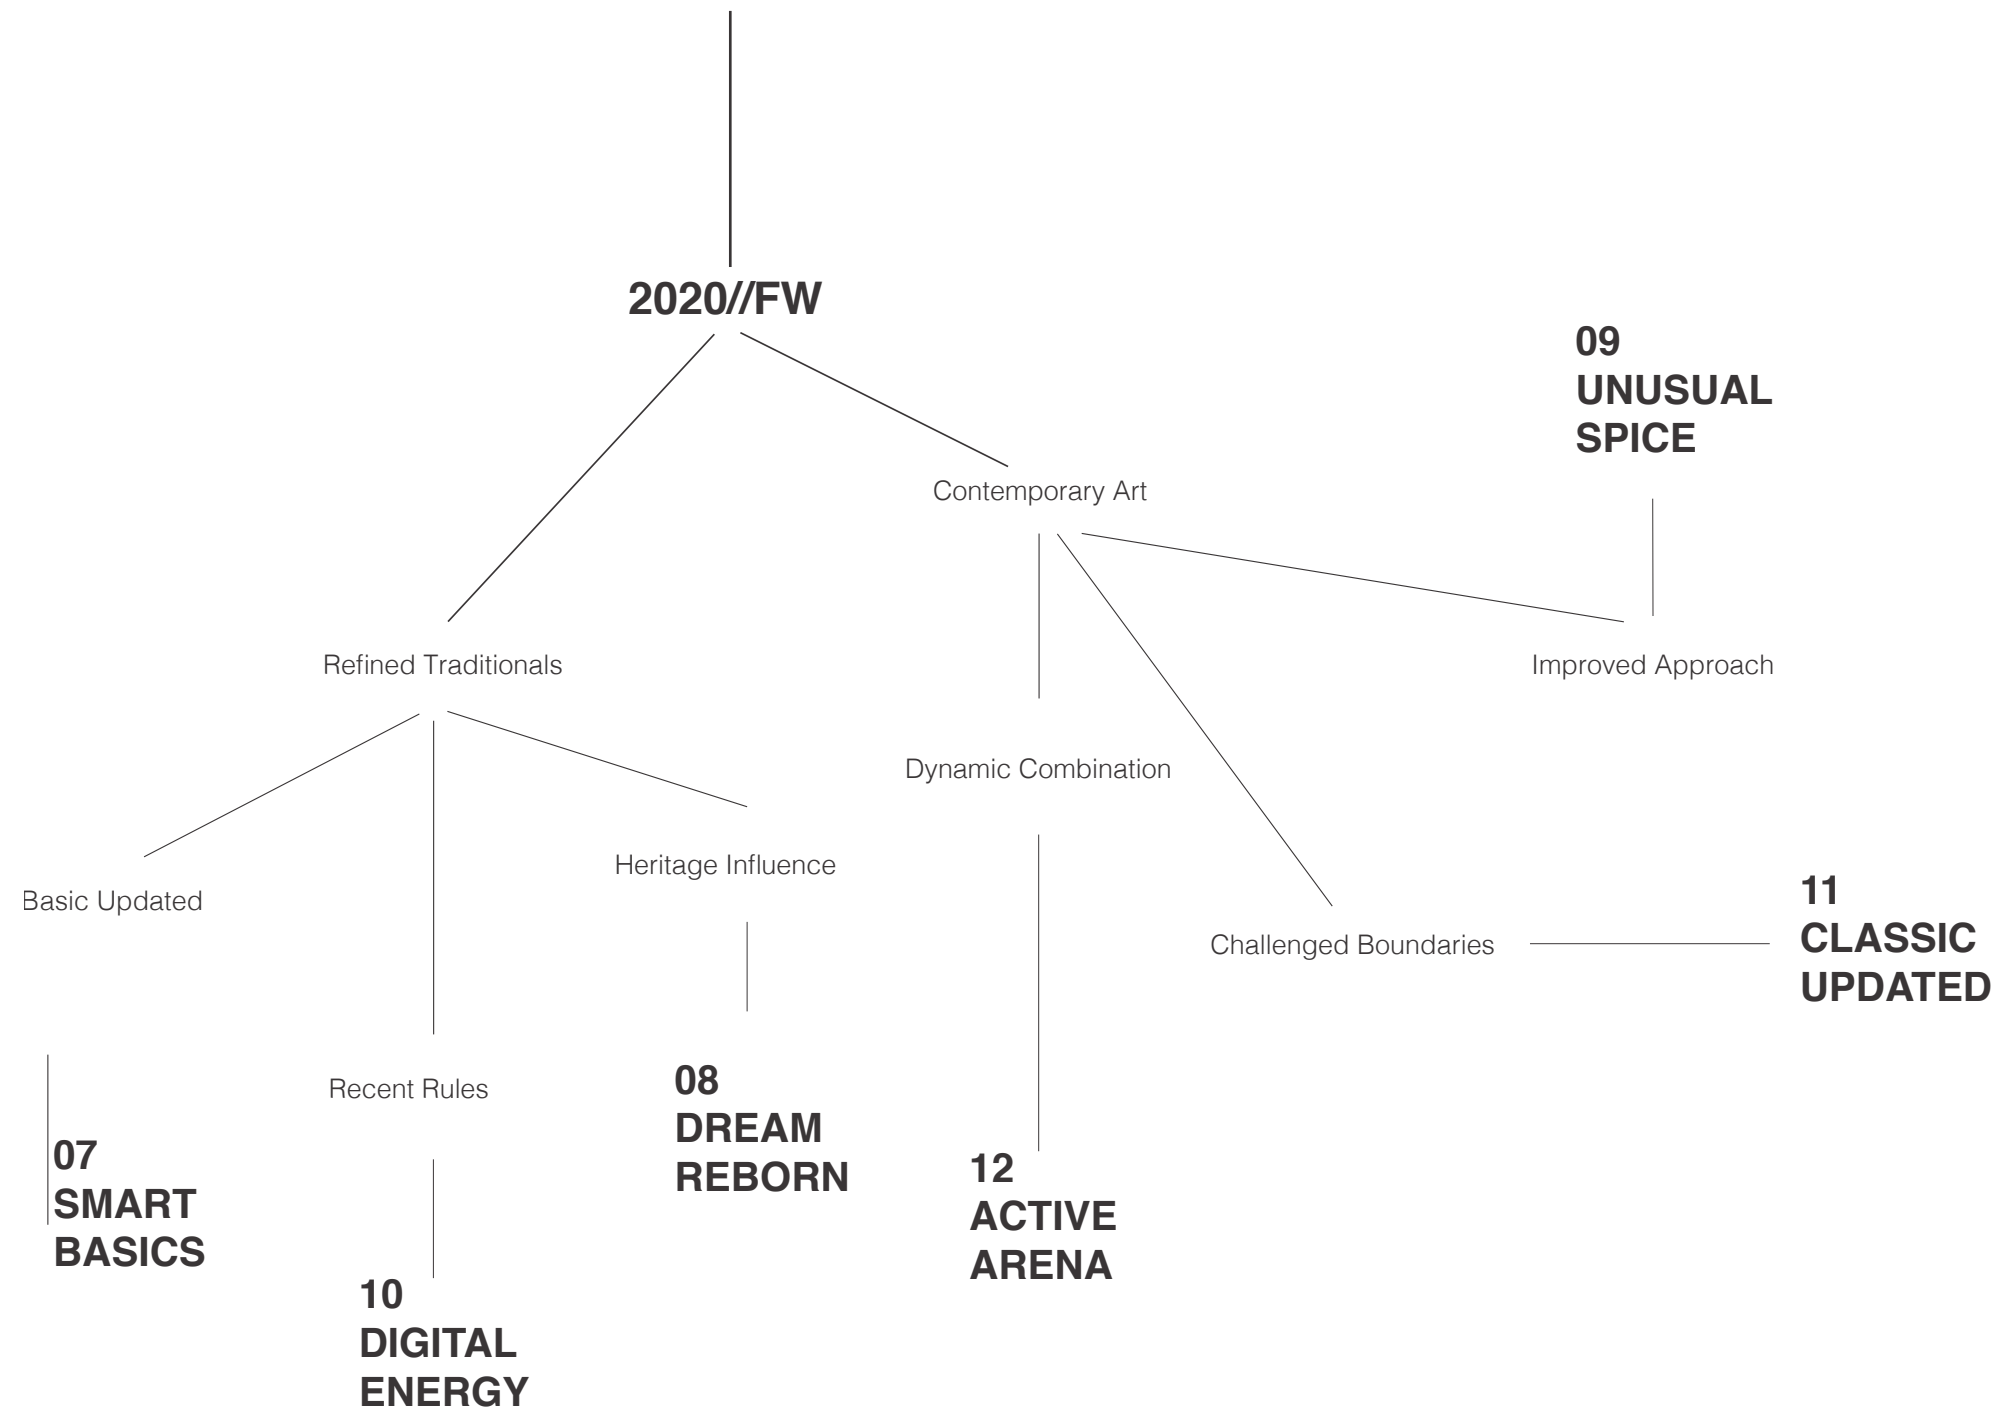

What if we mix both? Contemporary art and Refined Traditionals? Really? Does that work?

Let's blend sport and luxury, textured fabrics and clean surfaces. Comercial colors
with a touch of a digital spark

We are driven by color and life. Contrast and brightness. We are loud and proud
A lifestyle is beeing explored

WHAT DO WE HAVE?

OUR OWN WAY
